Grasmere Upgrade Project | March 2025

Dear Neighbor,

As part of the Grasmere Upgrade Project beginning this month, our crew will be storing construction materials and equipment on Elbe Avenue, between Clove Road and Sable Avenue.

This storage area will be utilized for the duration of the project, scheduled to be completed in Summer 2026. During this time, **parking on Elbe Avenue will be unavailable near the intersection of Sable Avenue** (see map).

The Grasmere Upgrade Project will improve the safety and reliability of our energy delivery network.

Please note, there will be no interruption to service for our customers. For your safety, please do not enter work zones and be mindful during and after construction.
