Planned construction in your neighborhood

Dear Sir or Madam,

Energy plays a critical role in our day-to-day lives and ensures the well-being of our community. That's why we are investing in infrastructure improvements that will help us to continue to provide safe and reliable energy to the communities we serve.

National Grid is writing to notify you of plans to perform a project in your neighborhood. This project will be taking place on Clark Avenue and Hicksville Road. The project will improve and modernize the existing Regulator Station on Clark Avenue. Construction is scheduled to begin approximately in June 2022. Please refer to the map on the next page for your reference.

We will be working in your neighborhood.

Date: To begin June 2022.

Completion time: November 2022.

Construction days and hours: Day hours: 8 AM to 4 PM (occasional non-weekday work may be required).

*Schedule is subject to change

Please know National Grid and its contractors will remain vigilant by continuing to adhere to all COVID 19 safety guidelines set by the CDC, New York State, and our local permitting authorities, protecting our employees, customers and the public.

Where: On Clark Avenue and Hicksville Road, Massapequa NY

What you can expect during construction.

Project details:

The upgrade of infrastructure includes a refurbishment of an existing regulator station, control lines, electrical and mechanical telemetry cabinet, vent poles and Over Pressure Protection (OPP).

Typical natural gas work includes:

- Marking out underground utilities within the project scope area (e.g., water, sewer, gas, electric, etc.).
- Excavation of the street and/or sidewalk and laying of new gas route.
- Temporary disruption of street parking.
- Temporary and then permanent restoration of disturbed areas in accordance with the Town of Oyster Bay specifications.

Traffic: Will be open but modified during construction hours. A traffic flagger will be on-site during work hours to safely direct vehicles.

Smell gas. Act fast.

MOVE your family and pets to a safe area outside, and call 911 or alert National Grid's gas emergency contact number 1-800-490-0045 on Long Island and the Rockaway Peninsula. Never assume someone else will call.

Project Introduction Letter

Regulator Station Improvement Project

Safety is our priority, please be mindful of the site during and after construction hours. Please plan ahead and use alternate routes if possible.

Scam Awareness – Important Reminders:

- National Grid employees and contractors carry photo identification cards. If someone requests entry into your home or business and does not show the proper ID, don't let that person in. Please call National Grid at 1-718-643-4050 or your local law enforcement.
- National Grid does not seek payment in the field for work being performed. If you are solicited for money as it relates to these services, do not provide it and please call us immediately.

We are committed to the safety of our crews, contractors and our customers. For your safety, please do not enter the work areas during construction. If you smell gas, dial 9-1-1 immediately. Also, be aware that all National Grid employees are required to carry a photo ID badge.

We all appreciate your cooperation and assistance as we safely move forward with this project. We value your community, input and support. Please do not hesitate to contact us if you have any questions or concerns regarding the project.

For our current National Grid customers.

There will be no interruption to your gas service during this project.

We're here for you if you have any questions about the project. Please visit our website: www.ngrid.com/nl05.

Sincerely,

Lissette A. Lugo
