

Augustina Ave Upgrade Project

Far Rockaway, Queens | March 2023

Dear Neighbor,

We would like to inform you of upcoming work in your neighborhood. Energy plays a critical role in our day-to-day lives and helps improve the well-being of our community. That's why we're investing in infrastructure upgrades in your area.

Project details:

This project will upgrade the existing regulator station located on Augustina Street between Beach 12th Street and Minton Street in Far Rockaway, Queens. **There will be no interruption to service for our customers.**

What to expect during construction:

- **Excavations:** Digging up of the public roadway and/or sidewalk. The project site will be secured and plated during non-work hours.
- **Temporary traffic and parking changes:** Augustina Ave will be **open for local residential traffic** but closed for thru traffic between Minton St and Beach 12th St during work hours. Once work is complete for the day the site will be secured and excavations will be plated to allow for regular traffic to flow. Street parking will not be permitted during working hours. Please be mindful of construction traffic signs and cones.
- **Temporary material storage:** Along the south curb of Augustina Ave between Minton St and Beach 12th St; along the west curb of Beach 12th Street between Augustina Ave and Central Ave.
- **Restoration:** Temporary and then permanent restoration of disturbed areas will be done in accordance with DOT specifications.
- **Safety is our top priority.** Please contact us at the number and email listed for any questions or concerns.
