Weatherization—proper insulation and air sealing—can improve the comfort and energy efficiency of your home, all year long.

A **no-cost** Home Energy Assessment can help you discover opportunities to save energy. You may qualify for up to 100% off approved insulation upgrades, no-cost air sealing, 0% financing opportunities and rebates toward qualifying energy-efficient equipment.

**Call 1-866-527-SAVE (7283) to schedule or visit [ngrid.com/assessment](https://ngrid.com/assessment) to learn more.**

### **Weatherizing your home can help:**

- Lower energy costs
- Reduce noise, pests and pollen
- Improve humidity control
- Increase year-round comfort
- Lower the risk of ice dams on your roof
